

Uni. Library Augmented By Books

Thirty-five Magazines and Newspapers Subscribed to for the First Time, Miss Inez Chesnut, Librarian, Declares.

RECEIVE FOREIGN PAPERS

Approximately one thousand books were added to the University library during the summer months, Miss Inez Chesnut, head librarian, said Wednesday. Including the Tabor collection which was purchased last spring the library now numbers 16,466 volumes.

"Thirty-five magazines and newspapers, including several European publications, have been subscribed to by the library in addition to the 106 periodicals which were received last year," Miss Chesnut declared. The London Times, Manchester Guardian, and the Paris Le Temps are among the daily newspapers which the library will receive this year."

A number of monthly magazines dealing with engineering, education, chemistry education, radio, (Continued on page 5)

Six Students Given Donor Scholarships

The 1934-35 scholarship winners were announced by the president's office Monday, September 11, as follows: Mary Stoddard Scholarship awarded to Howard Sorenson; S. K. Spaulding Scholarship awarded to Leo Peary; Colonial Dames Scholarship awarded to Arlene McMahon; the Ware Scholarship to Dolly Obradovich; the Joseph Barker, Sr., Scholarship to James James; the C. W. Black Scholarship to Carl Baade. The Hannah E. Black Scholarship has not as yet been awarded.

First Assembly Speaker Rabbi David Goldstein

Rabbi David A. Goldstein of the Conservative Synagogue spoke this morning at the first assembly to be held in Jacob's Hall.

President Sealock gave a greeting to the incoming freshmen and new students, and response was given by one of the freshmen.

Four Omaha University Students Visit Dr. Stimson's Summer Home

A 4,000 mile trip for four fellows on \$82.00. Such was the experience of four Municipal University students this summer. Glen Cunningham, Woodrow Tietz, Dan Macken and Vernon Lake left Omaha June 16 for points north and west. Their ultimate destination was Dr. C. W. Stimson's home at Pablo, Montana.

The trip was made in Cunningham's 1919 Model T Ford, which had been purchased a year earlier for \$10.00. Leaving Omaha the four headed for Winnipeg, Manitoba, Canada. The first night found them at Lake Okoboji, where they pitched their tent for the night. Headed north again in

Place News Tips In The Gateway Mailbox

The Gateway mailbox inside the south entrance to Joslyn Hall may be used as a depository of news items for The Gateway.

If you have a personal item, a letter to The Gateway, a news story, or a tip, just drop a note in The Gateway mailbox and we will do the rest.

Gateway Guarantees Students Positions

Recommends Gateway as Social Booster

Students interested in gaining prominence in unlimited fields have an opportunity which many consider as heretofore unsurpassed. The requirements are few; the rewards are great.

What undergrad is not desirous of having his name constantly before Gateway readers? Who would not like to gain social and intellectual prominence among his fellow men in a quick and easy manner?

If you are one of those who is satisfied to take life as it comes this will not appeal to you, but here is a chance to render yourself and your institution a great service. All you have to do is get in touch with Randolph Claassen, editor, or Morris Fisher, business manager.

There is need for several more reporters in the editorial department, while the business staff would like to secure additional advertising solicitors. A commission is paid ad solicitors and from this group next year's business manager will be chosen. Next year's editor, who will be given a tuition scholarship, will be chosen from the 1934-35 editorial staff.

Previous experience in either department, though desirable, is not necessary, and no one will be barred on this account.

The Gateway office is located in room 3 of the Faculty Building. The Gateway telephone number is KE. 0772, or Fisher may be reached at WA. 5629. Claassen's phone is HA. 2995.

Paul Lange, ex '36, is stationed at the CCC Camp at Ft. Crook. He is working with the Lieutenant in charge of publicity.

Dr. Sealock Greets New U. Students

Deplores Inadequate Buildings, but Declares Equipment Personally Adequate, and Credits Transferable.

LIBRARY BOOKS NEW

In an interview Wednesday, President W. E. Sealock, in greeting the student body, briefly analyzed the University situation:

"It is with pleasure that we welcome you," he said. "To former students let me say we are happy to see you back, and to new students with whom we are not acquainted as yet, permit me not only to greet you but to assure you that all here are interested in making your stay in the Municipal University of Omaha pleasant as well as profitable.

"Our buildings are not what we wish they were, or what we expect them to be in the not distant future, but our faculty are well prepared and possess decidedly more than ordinary interest in their work. We believe you will find that the earnestness and enthusiasm of your instructors will more than compensate for the lack of adequate buildings.

Faculty Well Trained

"Our library is made up of a much larger percentage of usable books than is common among the small colleges and universities, for the reason that the books in the main have been secured in the past three years.

"Our equipment in science and other fields will be found to be reasonably adequate. With our library and laboratory facilities, and with a well trained faculty you can secure a first-class university education. The credits which you secure in this institution will be accepted in any institution in which you wish to register. (Continued on page 2)

Omaha University Student Dies After Short Illness

Miss Emogene Madge Stringer, daughter of Mr. and Mrs. E. A. Stringer, 6305 Florence Boulevard, died Wednesday morning of an abscess of the brain after a three-week illness. She had planned to return to the University, where she would be a junior.

Miss Stringer was a member of Sigma Chi Omicron sorority. She was a Business Administration major. She was a graduate of North High school, where she was a member of Zeta Tau sorority.

McCOY DEDICATES FLAG POLE MONDAY

General Frank R. McCoy of the Seventh Corps area, will be the main speaker at the dedication of the flagpole which was erected this summer. The dedication services will be held Monday morning on the main campus. In case of inclement weather the service will be held in Jacob's Hall.

Gateway Columns Open To Letters From Students

A public pulse column will be conducted in The Gateway again this year. Letters on any topic of interest to the student body or faculty will be printed. The letters must be signed, but upon request the name of the writer will not be published.

Thompson Presents Student Hand Book

Condensed Orientation Material in Book

Among other things connected with the University's new deal is the Student Hand Book, a little red and black booklet, written by Dr. W. H. Thompson, dean of men. Each student received a copy upon registration in the University Monday or Tuesday.

The purpose of the booklet, Dr. Thompson declares in his preface, is to assist "new students in making a successful adjustment to their college life." Formerly the course in Orientation was required of all freshmen in the school. Now students may have the contents of the course in condensed form.

The hand book touches on the various problems of college life, particularly the difficult transition from high school to college, as well as the history of the school, problems of study and of social life, and material concerning the choice of a vocation.

W. A. A. Sponsor Women's Tea in Faculty Building

W. A. A. gave a tea for the women of the University of Omaha, Wednesday afternoon from 3:00 to 5:00, at the Women's Faculty building.

Miss Ruth Diamond, sponsor of the organization, and Mrs. Rene Stevens, dean of women, welcomed the girls.

The following girls assisted: Eleanor Larson, president; Mary Rigg, vice president, and Ethel Jane Scanlan, treasurer. The decorating committee consisted of Josephine Waite and Marianna Harrington.

Frosh Register Under Watchful Eyes of Veteran Officer Robey

It was Registration Day—and the policeman who stands outside the Bursar's office, on duty four days of every year, pushed his heavily-beaked cap over his receding forehead and sat down on a bench in the hall. His name is Officer Robey—the only Robey in the city, closest relative living in St. Louis—and he works here every year from 7:30 a. m. until 5:30 on Registration days. He's a pensioned policeman—gets "ninety dollars every month for the rest of my life," and he believes in education.

"I've only had a 7th grade education myself," he said, "and I wish I'd have gone on. I was like these young fellers that want to quit before they finish, the kind that say, 'Oh, I'll get by—I'll get along.' Sure, they'll get along,

FERA Relief Again Given To Students

Recipients of Federal Aid to Be Gainfully Employed Upon Socially Beneficial Projects by University.

SIXTY-SEVEN CHOSEN

The Federal Emergency Relief Administration is continuing to assist worthy students to get a university education, according to President W. E. Sealock, chairman of the FERA committee. In the same manner as last semester, students are employed upon socially beneficial projects, for which they are paid an average of \$15 per month.

A number of students approximately equal to 12 per cent of the full time student enrollment has been selected by the committee composed of President W. E. Sealock, chairman, Dean Edgar A. Holt, Dr. W. H. Thompson, L. D. Crenshaw, C. W. Holstadter, and Mrs. Rene Stevens. From a total of over 200 applications these 67 were selected.

(Continued on page 5)

SCOUTING FRATERNITY HOLDS FIRST MEETING

Alpha Phi Omega, Omaha's scouting fraternity, met Friday, September 7, at Camp Gifford. The meeting was preceded by a scavenger hunt, starting in Florence.

Three rushees were present and plans for rushing were discussed. Alpha Phi Omega, nationalized May 1, 1934, is headed this year by George Alexander, recently elected grand master. Other officers are Warren Novak, deputy grand master; Perry Rushlau, scribe; Leonard Reardon, treasurer; Marion Earhart, historian.

Psychological Test Saturday

The psychological test will be given Saturday morning, September 15, at 9 a. m., in room 6. This test is required of all entering freshmen and all others who have not taken it previously.

they'll probably get by, but not very far and not so soon." Officer Robey closed one eye in a prodigious wink and said: "If you've got an education, you can get anywhere and anything you want. Why, a feller might even get to be a chief." And he gestured a decisive period to this remark.

"Oh, sure, I get to know the kids around here. I see 'em from year to year and I remember them." Officer Robey crossed his legs and revealed an oxford and a blue sock. "Now, there's a girl I could never like her. She's too unladylike for me. She lolls here and she leans there. She talks too loud and she's too boldish." The policeman gestured again and explained: "Now, she may be all (Continued on page 2)

Seen at Registration

Students sitting and lying on the gym floor, for lack of tables and chairs, while making out class cards.

Corson picking up a prospective pledge's paraphernalia and suggesting to a frat brother that he invite the pledge to stand before him in the line waiting to see the Bursar.

Professor Boyce with a sun-tan. We haven't decided whether or not it's becoming.

Every frat man that ever won a letter wearing it.

Such old-timers as Charley Gardner, Billy Keenan, and Paul Fay.

Professor Payne studying French in slack moments of registration.

Basketball, football, and track sweaters on the men; Scotch kilts and tricornes on the girls.

Each frat and sorority trying to keep a table in the Gym exclusive for themselves and any frightened freshman.

Such democratic titles as "Mr." and "Mrs." on the identification cards above the professors' tables.

Jackson and Henningson warbling "Pardon My Southern Accent" while filling reams of cards with forgotten data.

Steincamp asking how to spell "Baptist."

What Slayton and Moucka had to put up with while handing out cards and blanks: "What class? Oh, none especially. I'm taking only one subject. What are these papers for? To fill out? But I'm only taking one subject. It's ear-training under Mr. Bush. You know for education. Surely I don't need all these cards for only one subject. What do I do now? Go in and see Mr. Bush? What are these cards for? Oh, Class cards. Do I go in and have Mr. Bush fill all these blanks out?"

STUDENT DIRECTORY SALES TO START SOON

The 1934-1935 student directory will be in circulation some time in the next two weeks, according to Duane Butler, editor.

The directory is to be the same size as last year's book. It will bear the same cover design which was adopted this year for the student handbook.

Greeks Rush

Gamma Sigma Omicron

The Gamma Sigma Omicron sorority entertained rushees at a hard-time party at Elm Glades Monday night, September 10.

On Thursday, September 30, about 50 actives and rushees will be present at a buffet supper at the Eleanor Tea Room. Decorations will be carried out in green and silver.

For the close of the rushing season, there will be a preference dinner at the Paxton, Saturday, September 15. The table decorations will be in the sorority colors of green and lavender.

Kappa Psi Delta

The Kappa Psi Delta sorority members of the active and alumnae chapter gave a tea at the home of Beverly Ballantyne Tuesday afternoon, honoring twenty-five rushees.

A dinner to be given by the alumnae chapter will be held Friday evening at the home of Mrs. Alexander McKie, Jr. Sixty guests are expected to attend.

The formal preference dinner will be held Saturday evening at the Omaha Club.

The officers elected for the coming year are Mary Adams, president; Beverly Ballantyne, secretary; Leona Sand, treasurer; and Virginia Perkins, recorder and historian.

Sigma Chi Omicron

The Sigma Chi Omicron sorority has been doing active rushing this past summer. The season was started with a late afternoon tea given at the Omaha Women's Club, July 22, with 75 guests present. The decorations were in blue and gold. A breakfast-swim at the Omaha Field Club on Sunday, August 19, was the second big event on the sorority's social calendar. The theme was a nautical one with exquisite blue and gold glass ships as favors. A miniature glass fleet sailed on the officer's table with a large glass flagship in the center.

The decorations for the Alumnae dinner, given September 11, were again boats, although the Sig Chis claim no special attraction for sailors. Colorful tepees, canoes, and dried leaves transformed the living-room into a woodland scene. The favors were wooden canoes with tiny Indians seated in the bow. The dinner was progressive, the guests first going to Mrs. P. B. Davis' home and then completing the evening at Mrs. Eldridge's.

Theta Phi Delta

Theta Phi Delta fraternity met regularly throughout the summer despite the handicap of summer vacations. A stag party in honor of the Rushees was held last Wednesday evening at the Sparing Gardens. Dr. Stimson and Dr. James were the speakers for the evening.

A smoker will be given by the Alumni chapter at the Birchwood Club on Saturday night in honor of the rushees. Rugby activities have been under the direction of Lewis Leigh, chairman of the rushing committee.

A meeting is to be held Sunday at the home of Jerry Wolfe.

WANT ADS IN THE GATEWAY

Want ads will be accepted by The Gateway beginning with the September 21st issue. Plan to take advantage of this new Gateway service. For any further information see a member of the business staff.

Extension Division Offers 70 Courses

About 70 courses will be offered by the Extension Department this semester, according to Mr. E. M. Hosman, director. Every department will be represented, and classes will be held at the Y. M. C. A. and the Y. W. C. A., as well as at the University.

Home study courses may supplement regular University work, according to the plan worked out by the Extension Division. Forty courses are offered, and over 500 students are already enrolled.

FROSH REGISTER UNDER ROBEY'S WATCHFUL EYE

(Continued from page 1)

right when you get to know her, but I've seen her around here for one day out of each of the last three years and I don't think I'd ever like her."

Conversation lulled for a second, and a remark was made about the new football posters. "Oh, yes, they're nice; showy, too. But these are what I like." And he drew from his pocket the season schedule on a football-shaped blotter. "Pocket-sized and handy. It's a blotter." Sure, I go to all the games. I watch the game. I like football." He said it all quite simply.

A former Gateway editor passed by and said goodnight. "So long, boys; so long. See you next year."

Chas. Gardener, Jr., ex '34, is now city salesman for the Barnsdall Refineries, Inc. He visited the University during Monday of registration.

DR. SEALOCK GREET'S UNIVERSITY STUDENTS

(Continued from page 1)

ister. This is due to the fact that, while we are not accredited to the North Central Association on account of poor buildings, the University of Nebraska and the University of Iowa, after inspection, have accredited our work without reservation.

"The inspectors from the University of Iowa, in making their recommendations, added the following statement: 'Your visitors were distinctly pleased with the spirit of the institution and the type of work that is now being carried on. There is a youthful enthusiasm on the part of the staff which is contagious. Students seem to share this enthusiasm in a satisfactory degree.'

Credits Accepted

"On recommendation of these inspectors, graduates of the Municipal University of Omaha are admitted to the graduate college of the University of Iowa, and undergraduates who wish to transfer to any college of the University of Iowa are received and their work given full credit.

"Students from our university have had their credits accepted without question at Northwestern University, the University of Iowa, the University of Minnesota, the University of Illinois, and other prominent universities in the country. Consequently you can rest assured that your credits will be accepted wherever you wish to go. Let me again say we are most happy to have you with us, and trust that your experiences in the university will be both agreeable and valuable."

Averill Sherman, ex '36, is selling insurance for the Harry A. Koch Co. Business is so good that he does not plan to continue his university education.

Thirty-Seven Out For Grid Practice

With thirty-seven out in the practice sessions nearly two weeks before school convened, the Municipal University football aspirants helped keep Coach Sed Hartman's sunny side up.

A total of fourteen lettermen, four reserves, and nineteen yearlings greeted Hartman, rarin' to go. Four lettermen are yet to report, and it is expected that the post-registration period will find additional candidates for the team.

The first week's work consisted of the regular routine—exercises, fundamentals and chalk-talks by the coach. Teams were formed by Thursday in preparedness for the first day of actual scrimmage Saturday. In the scrimmage session the Card tentative first string showed good offense ability. The nine lettermen on the first string were N. Sorenson and James, ends; H. Sorenson at tackle; Hummel and King, guards; Johnk at center; Huff at quarter; Hoover at half; and Perry, fullback. The two yearlings were Francis at tackle, and Loder at half.

Opposition was composed of three veterans, Sholes at Guard; Crawford at center; and Tyler at full. The eight Frosh on the team were Christensen and Oelrich at ends; Frink and Hesler at tackle; Adams at guard; Boldenow at quarter; and McKean and Riggins at half.

The list of other men out for football include the following:

Ends—Carl Baade, Roy Christensen, Bob Elliott, Jimmie James, Emmett Neighbor.

Tackles—Ray Francis, Loren Gammon, Gerald Gardner, Howard Sorenson, Norman Sorenson, Howard Metz, Martin Oelrich, Dewight Woolf.

(Continued on page 4)

Cards Schedule Seven Contests

Additional Games to Be Added; First Tilt Is Away From Home Field.

Seven games have been scheduled for the Cardinal gridgers to date. According to Coach Hartman the schedule is by no means complete and there will be some additional opponents for the Red-birds before the season's program is entirely arranged.

The team will be away from home in its first game Friday, September 28, journeying to Grand Forks to battle the University of North Dakota. Friday, October 6, Omaha will entertain the Coe College eleven here.

Omaha will begin its conference play on October 12, meeting Kearney here, and on October 19 will go to Wayne. The Peru game on November 2 will be a home game, after which, on November 23, Chadron will be the Cards' host. During this time the team will have played one non-conference game, meeting Ottawa University here on November 9.

All home games will be played under the lights at League Park.

THE SCHEDULE

September 28—North Dakota Uni—there.

October 6—Coe College—here.

October 12—Kearney—here.

October 19—Wayne—there.

November 2—Peru—here.

November 9—Ottawa Uni—here.

November 23—Chadron—there.

Clarence Slayton, ex '36, assisted the registrar during registration. Several freshmen, hunt enthusiasts, thought the fall duck migration had begun when they practiced duck calling Monday noon.

FOUR OMAHA STUDENTS TAKE SUMMER TRIP

(Continued from page 1)

cloudburst that overflowed the Milk River and caught them in its current. After much pushing and towing the car was again on the road. The boys entered Glacier Park via the St. Mary's entrance. They stayed within the park for a week—fishing, swimming and climbing mountains. On leaving the park it was necessary to cross the Continental Divide through the Logan Pass, which is 6,000 feet above sea level. After considerable pushing, chugging and choking they made the divide and then their concern was in holding the car back as they descended the Pacific slope.

On leaving the park the boys headed for Dr. Stimson's cottage on Flathead Lake, which is about 100 miles south of Glacier. They visited with Dr. Stimson for a week. The lake is a very beautiful body of water, having 371 miles of shoreline. The cottage was situated in a very wild and wooded section, which afforded abun-

dant opportunity for fishing, swimming and hiking.

From Flathead Lake the boys headed for Yellowstone Park. They entered the park via the old Gardiner entrance. They stayed at the park a week and then left by the Cody Road. They headed for home through Wyoming and visited the Shoshone Dam and other sites. In all, they crossed the Continental Divide four times, at Logan Pass, Pipestone Pass, Dunraven Pass and Sylvan Pass.

The fellows left with a total of \$100.00 and returned with \$12.00, after four weeks and four days. The old Ford, still alive, may be seen most any time parked near the campus. This is the second trip the car has made since Cunningham bought it. Last summer they made a trip to the World's Fair and toured the southern states. Next summer they hope to tour the Atlantic seaboard providing the car holds up until then.

F. E. R. A. RELIEF IS AGAIN GIVEN STUDENTS

(Continued from page 1)

When interviewed Wednesday, President Sealock stated that a high degree of scholarship must be maintained by these students. Students selected from high schools were from the upper third of their classes. Economic need and scholarship were the determining factors in the selection of the students.

Benefits expected from this program are threefold: (1) Persons able to profit by university instruction, but barred by a lack of funds, will be able to enroll. (2) The ranks of the unemployed will be thinned. (3) Society, in time, will reap dividends from those persons who are now given an opportunity to attend college. These persons may possess talents, which, had it not been for the FERA and the university, may have been wasted.

NEW STOCK OF BOOKS AUGMENTS LIBRARY

(Continued from page 1)

biology, economics, electricity, physics, art, and business have been added to the University magazine rack, Miss Chesnut said. An excellent library of German books has been built up during the summer, she added.

"Not all the books have been catalogued as yet and therefore are not ready to be circulated," Miss Chesnut stated. "The library staff is cataloguing the books as fast as possible and they will all be ready for circulation among students and faculty members in the near future," she added.

Luckies

"It's toasted"

✓ Your throat protection—against irritation—against cough

They Taste Better

Only the clean center leaves are used in Luckies—because the clean center leaves are the mildest leaves...they cost more...they taste better.
